Welcome to Bali Chef Surf Mankind. This is not a movement. We represent the traditional families of planet Earth—the beloved local life culture of humanity—the cradle of every society. This is your guide to living and surfing freely-with integrity. We lead by example: first to inspire ourselves, then our children, and then our community. We believe in the true art of life and surf: surfing and living with Integrity First, Always. Life is not about surfing. Surfing is about life. Surfing is about integrity. Life is about integrity. This is the universal key to life. Surfing offers the greatest personal freedom humanity can achieve. With nothing but a surfboard, we can reach the highest natural high known to mankind. It requires discipline, endurance, and integrity. Yet unlike other sports—anyone can do it. Individually. Without competition. Even reaching Champions League levels—without defeating others, without greed—only yourself. To win, for yourself—or for all. This makes surfing the greatest natural competition,

business, battle, and war—not for money, but for human integrity. We are human nature. Soldiers of peace. Warriors of integrity. Ambassadors of Earth. Privileged with the Walk of Life—it is our duty to live by the right human values. Not just to protect our beautiful planet, its magical blue oceans, incredible waves, and wonderful people—but also to defend our incredibly diverse communities and cultures. Because all of them need integrity—the greatest human heritage we have. Join us freely, with your friends and family, at some of the most special

friends and family, at some of the most special places on Earth: Fuerteventura, Canary Islands, Spain... or Bali, Indonesia. Let yourself be inspired. Learn how to live and surf the right way—on the basis of integrity. The universal key to life. —Not love. Discover the true value of love—too often the greatest enemy of mankind, the destroyer of any life without integrity. We believe. Discover the real truth—about life, about yourself, about others. Rediscover your moral compass—in the most beautiful way—together with locals. Real locals. Some of the world's most inspiring humble surfers. We are all born as locals—until greed takes us away. Capitalism has destroyed the core values of society—especially when education fails. That's why the world looks the way it does today. Be privileged. Join this community of nature and surf. Learn how to live and surf with integrity. Discover it alongside local legends—the most humble surfers from every corner of the world: the Canary Islands, Europe, Latin America, the USA, Hawaii, Tahiti, Indonesia, and other sacred surf spots. This is the true Champions League of humanity—played the right way. Not to divide. Not to become famous or rich. But to create true unity—the natural way. So we may all experience true freedom, and the pure happiness of our Creator—truly united. The most beautiful way. Unite too with great-hearted locals—people who don't seek money or fame—but dare to face mankind's greatest enemy: our destructive greed. Not for gold. Not for illusions. But for something far greater: Inspiration. Hope. Faith. Belief. The greatest human energy source: belief. Beyond race or color. Thanks to our one true

Beyond race or color. Thanks to our one true divine gift—Mother Earth. The most powerful planet in the universe. Her magical waves. Her boundless skies. Her endless inspiration. Let her energy fill your body, mind, and soul. Let it set you free—and inspire others to do the same. To reach the highest unity of human happiness—like only true humans do. Become a true surfer—and a true human too. Everyday heroes, fighting not with violence or stress—but with Integrity First, Always. Not led by the illusion of commerce—but by the truth of life. Like all true locals and surfers do—humans embracing the beauty of Earth's true gifts—the only real illusions we should all enjoy, endlessly. Let us not be guided by money or power—but by example and integrity. This is what true leaders do. This is what true humans do. Made to guide and inspire others—always the right way. This is how true life is created. This is how real happiness feels. This is the reality of life and surfing—possible every moment of every day, wherever you are on this planet. This is life and surf. Join us—simply by living and surfing with Integrity First, Always. Inspire yourself—and others—through the greatest source of inspiration this universe has to offer: Mankind with Integrity. This is the only true reason to save the world today—once and for all. Because deep down, we all know: Life has gone too far. No country. No government. No religion. No politics. No movement. Only you can save it. You—and your integrity. First. Always.

Wake up—finally. Inspire others to do the same.

Walk your path—The Long Way to Integrity—with Integrity First, Always. Learn with us the simple foundations of life and surf. Let us show you how to live and surf the right way: how to create it, how to find it, how to share it, how to control it, how to discipline it. But above all—how to inspire others to do the same. Not by force—but by nature. This is the true art of life and surf. This is who we are.

#### **CORE MESSAGES**

- Integrity First Always.
- Live and surf with integrity.
- Local Surf Ethics lead to global unity.
- Human evolution begins by leading yourself.
- Respect unites us. Discipline sets us free.
- Integrity not love is the universal key to life.

## THE LONG ROAD TO INTEGRITY- STEP BY STEP

#### **STEP 1: BELIEVE**

Believe you can change. Believe you can control your mind. Believe you can live free — not as a slave of greed.

Life is a state of mind. Freedom is created.

Control your mind. Control your surf. Control your life.

Start from within.

#### **STEP 2: CONTROL YOUR GREED**

Greed is humanity's greatest enemy. Money, drugs, alcohol, sex, parties, and now even social media.

Control your greed. Kill your greed. Or it will kill your freedom, your surf, your life.

Greed is the root of all destruction. It destroys nations, communities, and souls.

Start today. Start within.

#### **STEP 3: THE ART OF LIFE & SURF**

Live and surf with integrity. Respect locals first. Honor history. Respect knowledge. Master technique.

Surf like life is the education — lifetime learning, lifetime discipline.

Local life is the cradle of humanity. Live the natural human way — humble, strong, and free.

#### **STEP 4: CREATE YOUR HOME**

Home is not a country. Home is not a passport. Home is where your integrity builds.

Create your home anywhere. Build it with integrity fueled by love, discipline, and respect.

Adapt. Lead. Inspire. Protect.

Home is the place where you live in the right way — the natural way.

#### **STEP 5: DO WHAT IS RIGHT**

There is no perfect right or wrong. There is only what you choose to do — right now.

Justice systems fail. Societies lie. Religion divides. Greed blinds.

Yet integrity always shows the way — and belief, not division, should unite us. All.

#### **STEP 6: LEAD BY EXAMPLE**

No one can save you but you. No one can lead your life but you.

Be a soldier of peace. A warrior of integrity. An ambassador of planet Earth.

We walk the Walk of Life — and it is our duty to embody the right human values at all times.

Don't be afraid to fail. We all do. What matters is forgiving — yourself and others.

Keep leading — first or last. Keep inspiring your surroundings and yourself.

Surf hard. Live clean. Be truth.

Stay humble. Stay patient. Stay respectful. Stay disciplined. Keep inspiring.

# STEP 7: TIME TO CHANGE THE HUMAN EVOLUTION

The human system is broken. Society is lost. Greed runs wild.

We have to start again.

Not by more politics. Not by more religions. Not by more movements. But by simply living the way of local life. By returning to the simple law: Integrity First Always.

Surf and live by this law. Lead others. Create the new human evolution: Integrity — The Universal Key to Life.

#### **STEP 8: BE A PHILANTHROPIST**

A philanthropist is not a billionaire. A philanthropist is any soul who gives time, skill, care, or heart to heal the world.

Everyone can be one. Everyone should be one.

Lead by example. On your beach. In your community. In your own heart.

True wealth is time, humility, respect, dignity, and integrity.

#### PHILOSOPHY AND VALUES

Integrity is the universal key to life. Not love.

Local life is the true human lineage.

We surf with gratitude. We live with respect. We lead with courage.

Unity through Respect. Freedom through Discipline.

Surf free. Live free. But always with honor.

Integrity First Always. Not love.

The Universal Key to Life is Integrity — God's Integrity. Not Love. Integrity Heals. Greed Destroys. Love without Integrity Destroys. Love is simply meant to be — to fuel Integrity. This is the key to life. The Integrity of the Creator — beyond any religion, system, or belief. It is the universal law that connects all life. We honor it by living, surfing, and leading with Integrity First Always.
